1. Question added 4/2/21: Will you mail me a paper application form that I can fill out and mail back to you?

Answer: No, all application materials are available on our website at: https://cuyahogalandbank.org/neighborhood-stabilization/housing-construction-gap-grant-program/

As explained in the Request for Applications, in order to apply, you will have to submit not only the application form, but also the proforma worksheet. This worksheet was created with Excel software and includes many built-in calculations. Because of this, all applicants are required to submit this form to us in Excel format and not on paper. All application materials should be submitted by e-mail.

2. Question added 4/2/2021: May I apply for funds to rehab a home. No, as explained in the Request for Applications, the program is to support construction of newly-built homes.

3. Issue addressed 10/24/22: On the proforma sheet cells C17 – C19 are not capturing the right cell on the other tabs to show the requested grant amount.

Answer: These cells along with D16-D19 will auto-populate once you fill out the “sources” section of the proforma for each model you intend to build. This cell, G123, is found on each model sheet.

If you have other questions, please submit by e-mail to gapgrant@cuyahogalandbank.org. Please include your name, your company name and your phone number.
